Solo / Character		See Claire about Hair and special Make up for your character

Everyone is required to wear extra make up as the bright ice show lights will wash out your face. Face - Foundation, bronzer and red blush. Eyes - A nude/pink/shimmer eye shadow all over lid with brown blended into the crease. Black eyeliner top and bottom, black Mascara top and bottom, , red lipstick. All Solo and feature skaters are required to wear false lashes. (Bigger the better) The dollar store is a great place to start. Show make up does not need to break the bank. Make up wipes.

Everyone should have their own hair brush, comb, hairspray, bobbypins and barrettes. If you criss cross the teeth of the bobbypins and put them upside down they will not slide out. Hats need to have elastic sewn in before photo day. Color the elastic in with foundation. Costumes labeled, every item with initials. Safety pins.

Tights have built in gusseted crotch/underwear area, therefore no underwear is allowed to be worn or seen. Thongs are fine. But absolutely No Granny panties allowed. If you need to wash your tights do so by hand and hang to dry so the color does not fade. Your child should wear deodorant if needed.

Bring only dry snacks and water while in locker rooms and in costumes

Make sure you have a long warm robe, blanket and skate guards.
